Client Testimonial

"Incrementors really understood our company, and they are super flexible about our goals. As a startup, we don't have the huge budget that other companies might have — it's a balancing act all the time of what we're going to be able to afford to do. Despite that, Incrementors has been very flexible working with us. They meet our goals and give us good advice on how to maximize our budget."

Keli Garcia Allen
Head of Content, Learn Safari

- ★ Key Feedback Points
- Deep understanding of client's business
- **Flexibility** with budget constraints
- Strategic advice to maximize budget
- Consistently meeting goals & expectations

Key Takeaways & Next Steps

Advice for Potential Customers

Educate Yourself

- Learn about SEO fundamentals and how they impact your business
- Ask Questions
 Inquire about specific strategies and their expected impact
- Set Clear Expectations

 Define measurable goals and realistic timelines
- Understand the Work
 Recognize the meaningful gains you're making along the way

✓ SEO as a Long-Term Goal

Patience & Consistency

SEO results **compound over time**. The most significant improvements come from consistent effort and strategic implementation.
