## SUCCESS STORY

### My Case Study

I did my graduation from well-reputed university and then took admission in Masters. I have always loved cooking thus after post-graduation, I took cooking course.

I have always wanted to become a business owner, thus opened my online food business in which I applied my business concepts and my love for cooking. After taking experience of 6 months, I opened my first business.

Soon, I opened another restaurant and want to open chain of restaurants one day. I have never given up on my dream and always worked hard.
