

Organic traffic (sessions) to G&C articles

The Challenge

A price comparison platform struggling with declining performance

↘ Declining Performance

Website going **backwards for 18 months** with previous SEO provider

❑ Ineffective Strategy

Previous provider simply performing **checkbox exercises** without real impact

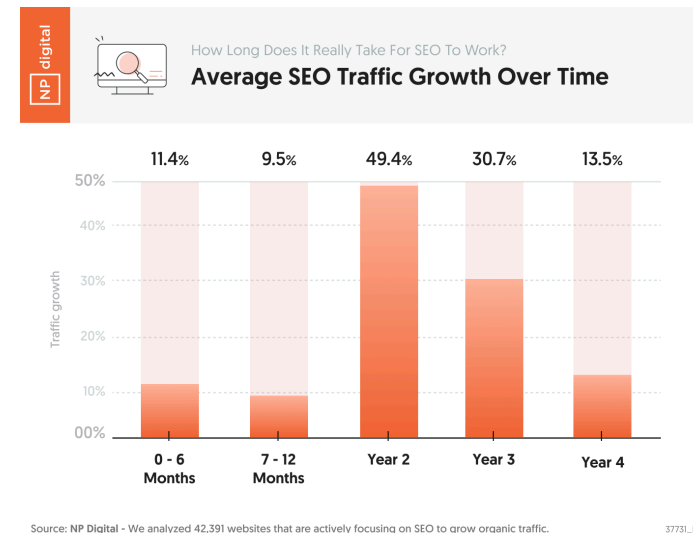

💬 Poor Communication

Lack of clear updates and detailed planning from previous provider

📌 Client Goals

Improved communication, detailed plan, increased traffic, improved conversion

Website Performance Before Incrementors

Our Strategic Approach

Comprehensive SEO and CRO methodology tailored for price comparison platforms

SEO Strategy

- ✓ Targeted **comparison keywords**
- ✓ Structured data implementation
- ✓ Competitor gap analysis

CRO Techniques

- ✓ Site speed optimization
- ✓ Mobile-first design
- ✓ Compelling CTAs

Technical SEO

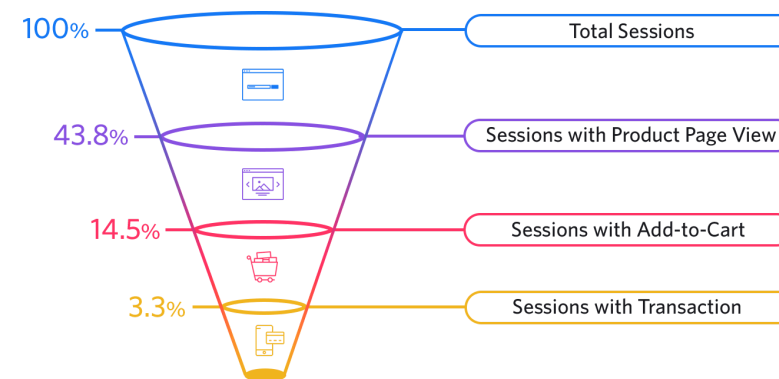

- ✓ Schema markup for products
- ✓ URL structure optimization
- ✓ Core Web Vitals improvement

Content Strategy

- ✓ Comparison-focused content
- ✓ Video content integration
- ✓ User intent optimization

Our Implementation Methodology

Remarkable Results

Measurable impact delivered through strategic SEO implementation

10x Increase in **website traffic** within months of implementation

Significant improvement in **conversion to leads** for affiliated links

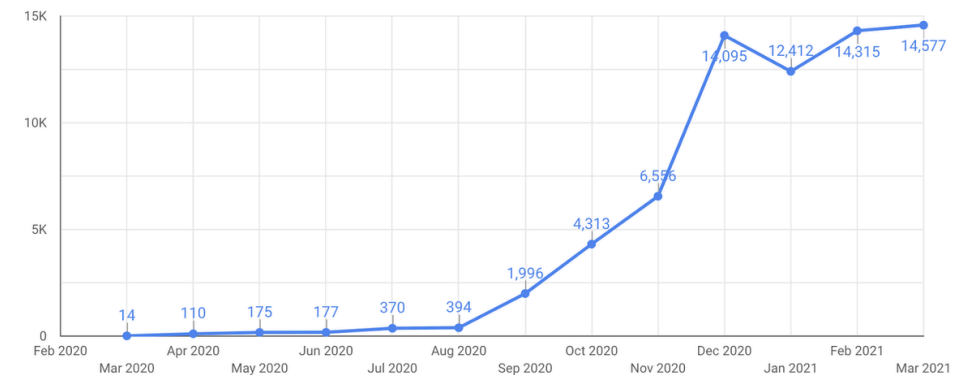

5.0 Perfect client rating across all metrics:
Quality, Schedule, Cost, and Willingness to Refer

Organic Traffic Growth After Incrementors Intervention

G&C Circuit Dashboard

Feb 1, 2020 - Mar 31, 2021

Organic traffic (sessions) to G&C articles

“They have an excellent understanding of SEO and other subject matters. The guys at incrementors have increased our traffic X10, increasing our conversion at the same time. The turnaround has been rapid and I could be happier with the progress.”

 MD, Price Comparison Platform

Continued Success

Sustaining growth and maximizing potential for your price comparison platform

Our Ongoing Strategy

1

Advanced Content Optimization

Expand comparison content with [video integration](#) and user-generated reviews

2

Technical SEO Enhancements

Implement [schema markup](#) for products and optimize Core Web Vitals

3

Conversion Rate Optimization

A/B testing of layouts, CTAs, and checkout process to maximize lead generation

 "They are the most outstanding SEO company I have worked with in 7 years. I'm looking forward to the progression of our relationship."
