Problem Statement & Opportunity

Marketing & Web Development Support Needed

Client Context

Organization: Education Advocacy Organization

Leadership: CEO leading advocacy initiatives

Focus: Promoting educational causes

! Specific Challenges

- **Limited online presence** to reach target audience
- **Outdated digital strategy** for advocacy efforts
- **Insufficient web traffic** to support mission
- **Lack of technical expertise** in-house

Opportunity: Develop a comprehensive website with SEO optimization to increase visibility, engagement, and support for the education advocacy mission.

Solution & Methodology

Website Design & Development

- **Complete website** built from scratch
- **User-centric design** focused on advocacy goals
- **Responsive layout** for all devices
- **Intuitive navigation** for target audience

SEO Strategy Execution

- **Comprehensive SEO plan** implementation
- **On-page optimization** for education advocacy
- **Technical SEO** for improved site performance
- **Content strategy** aligned with advocacy mission

Keyword Research Process

- **Industry-specific** keyword identification
- **Competitor analysis** for education sector
- **Search intent** mapping for advocacy topics
- **Performance tracking** of targeted keywords

Team Composition & Approach

- **Multi-disciplinary team** of specialists
- **Regular communication** via email, WhatsApp, meetings
- **Collaborative approach** with client input
- **Agile methodology** for flexible implementation
